

ANNUAL BANQUET OF THE VAUGHN CLUB

Twelfth Anniversary of Its Organization Celebrated Last Night in the Sunday School Room at Calvary Baptist Church.

Toasts Responded to by J. H. Price, Dr. Needham, of Columbian University, Commissioner West, Dr. Gates, and Others.

The twelfth annual banquet of the Vaughn Class Club of Calvary Baptist Sunday school, held in the Sunday school room of the church, Eighth and H Streets northwest, last evening, proved one of the notable events in the social annals of the organization.

Preceding the banquet an interesting program was given in the adult department, consisting of a pantomime by F. T. Chapman; a harp solo by H. W. Tuttle, and a humorous reading by George Speldel, entitled, "John Schmidt, the Hero of Gettysburg." In response to an encore, Mr. Speldel recited in German dialect the amusing selection, "Society Setting a Hen."

President G. G. Seibold, of the Vaughn Class Club, then announced that before adjourning to the banquet hall the guests and members would shake the hand of "Our Commander," as the class members affectionately term their teacher. Each member shook the hand of Mr. Vaughn.

The banquet hall was profusely and tastefully decorated with palms, potted plants, and cut flowers, with the American ensign arranged in graceful folds in

PRESIDENT G. G. SEIBOLD.

sever as far as possible the prayer we offer for ourselves as well as others."

The Doom of the Bachelor.

"The Bachelor" was the toast to which John H. Thomas responded, saying in part:

"The bachelor is doomed. Like the buffalo, the bald eagle, and the Indian, his race is nearly run, his species will soon be extinct, and relics of him will only be seen in the show windows of the taxidermist, presenting a bold front to the eyes of the envious henpecked husband."

The Hon. Henry L. West, District Commissioner, responded to the toast, "The Ladder of Fame." "Every man," said Commissioner West, "has the right to aspire. Every man ought to aspire to climb the ladder of fame. There are many men in this world who do not become famous. Like the people in the Bible story, they lowered Paul from a window by ropes; no individual stood out prominently in the incident; all individuality was lost in the crowd."

"The man who walks with ladder step to the foot of the ladder will have an awfully weary time before he reaches the top."

Dr. Merrill E. Gates responded to the toast, "Patriotism in Peace," and discussed the theme not from a love of country alone, but to a loyalty to the "King of Kings and Lord of Lords." Dr. Gates made an eloquent plea to the young men assembled to be true to their better selves.

The Rev. S. H. Greene, D. D., in speaking from the theme, "Aspirations and Ideals," paid a glowing tribute to the teacher of the Vaughn class, who had the power of recognizing in each young man he met the marvelous possibilities for righteousness. Dr. Greene said the greatest possibilities of the class, in spite of what it has already accomplished, were yet to develop.

Founder Vaughn Responds.

The last speaker of the evening was the honored teacher of the class, F. W. Vaughn, who responded to Dr. Greene's tribute. Mr. Vaughn's remarks were of a retrospective nature, reviewing the work of the class in the last fourteen years. He requested those who were present at the first class banquet to rise. Only five who were present on that occasion were at the banquet last night.

Mr. Vaughn referred to the fact that former members of the class are located in all parts of the United States, including the Philippines and other parts of the globe. Mr. Vaughn concluded at 12 o'clock, asking the question, "Are we getting up to high noon in our aspirations, or are we in the midnight of gloom?"

After singing the hymn, "Blessed Be the Tie That Binds," the benediction was pronounced by Dr. Greene.

The Invited Guests.

The invited guests were: The Hon. Henry L. West, District Commissioner; Dr. Charles W. Needham, president of Columbian University; Dr. Merrill E. Gates, the Rev. S. H. Greene, D. D., pastor of Calvary Church; B. F. Johnson, Richmond, Va.; Robert D. McCurdy, Baltimore, Md.; P. B. Otterback, Robert Otterback, Mayville W. Twitcheil, M. M. Shand, W. S. Shallenberger, Second Assistant Postmaster General; Gen. E. W. Whitaker, A. S. Taylor, J. E. Jenkins, Lee D. Latimer, John G. Koons, Joseph L. Strauss, Arthur Slater, A. P. Campbell, the Hon. L. E. Payson, A. L. Swartout, Dr. Frank Swartout, Dr. H. H. Selzer, John P. Houghton, James McCurdy, J. Whit Herron, Dr. E. P. Copeland, F. H. Carpenter and Lyman L. Peirce.

"HEARTS ADRIFT"

"Hearts Adrift," a melodrama new to Washington theatergoers, will be the bill at the Academy next week, when patrons of that house are promised one of the most thrilling stage stories presented here for many weeks. The chief scene of the play is set in an airship when the villain attempts to cut the ropes and hurl the occupants of the ship to death. That fate overtakes the would-be murderer and affords a most realistic and thrilling climax.

A pretty love story runs through the play and the company presenting the piece is said to be capable. There will be the usual matinees Tuesday, Thursday, and Saturday.

CLASS OF '01 DANCE.

Class of '01, Business High School, gave its annual dance last evening at Carroll Institute, in Tenth Street northwest. There was a host of the class friends present and the program of twenty numbers was highly enjoyed. The following committee had the affair in charge: Frederick H. Daker, chairman; Frank B. Guest, Eugene Young. The officers of the class are Hugh B. Gibbs, president; Antonette Willner, vice president; Joseph H. Oehman, treasurer; Paul G. Fitzpatrick, secretary.

EPWORTH LEAGUE NOTES.

The topic for the devotional meeting on Sunday evening will be "The Sabbath Day for Worship and Rest," references, Exodus, xxi-15-17; Mark, ii-27.

H. A. Ison, fourth vice president of the District League, will conduct the devotional service at the Douglas Memorial Chapter on Sunday evening.

Wesley Epworth League gave a social at the paragon of the church last Friday evening, at which quite a large number were present, notwithstanding the inclemency of the weather. There was a musical program rendered and a cartoon talk by Mr. Baker, following which a delightful repast was served.

Dr. J. H. Wesler, first vice president of the District League, will be in charge of the devotional services at Hamline next Sunday evening.

Miss Heather R. Bunch has been elected first vice president of North Capital Epworth League, to fill the vacancy caused by the resignation of Miss Zella Mamerse. Charles E. Morse has been elected secretary of that chapter.

Miss Bunch has informed the writer of this column, Ernest Hazen Pullman, that a proverb social was given by that chapter last Monday evening in the lecture room of the church. The national colors were very much in evidence, which contributed to the splendor of the occasion. A large number of friends of this chapter turned out to enjoy the evening social.

Mrs. Luessa Haine, president of the North Capitol W. C. T. U., gave a very interesting and instructive presentation of the temperance question last Sunday evening at the North Capitol Epworth League.

John W. Cranford gave an interesting talk on the temperance problem and the means by which the habit may be overcome at Gorseuch Chapel last Sunday evening. Mrs. George Z. Colson will preside over the service next Sunday evening.

J. S. Barker will conduct the League service at Wesley Chapel Sunday evening. W. H. Hartman had charge of the service last Sunday.

Miss Ruth L. Crandall, superintendent of the District Junior League, reports excellent work being done among the various churches along the above named line. She notes a greater interest by church workers in the religious instruction of the younger folks.

Announcement has been made by the officers of the Douglas Epworth League that it is their intention to hold a handkerchief bazaar at that church from March 20 to April 4 next. Cards announcing this have been sent to numerous leagues throughout the city with the request that they remember them by way of a handkerchief.

Miss Florence Thompson was in charge of the devotional meeting at Eldbrooke Chapter last Sunday evening.

Arrangements have been completed for the subdistrict meeting to be held at Union M. E. Church on Friday, March 13. Miss Bessie E. Taylor has charge of the arrangements. A feature of the evening will be an address by Rev. J. E. Gilbert on "Methods of Bible Study." Miss Bessie Coughlin will render a solo, as will also Frank C. Roach. There will be a discussion of religious matters. Frank T. Israel and Lyman L. Pierce, general secretary of the Y. M. C. A., will discuss "Methods and Results." Mrs. Frank C. Roach is slated to render a solo. The president of the District League will preside, and Rev. Paige Milburn will conduct the devotional exercises. Instrumental music will be rendered while refreshments are being served. The benediction will be pronounced by Rev. H. E. R. Reek, pastor of Eldbrooke Church.

A largely attended meeting of the board of control was held at Wesley Church on Tuesday evening at which a number of matters of great importance to Epworth Leagues were taken up with a view of their ultimate consummation. Most of the matters were broached to the board by District President Israel, who has the league's interest greatly at heart. Among those present at the meeting were Messrs. J. F. Engle, J. H. Wesler, M. R. Speelman, J. H. Allen, H. A. Ison, William R. Hunt, F. T. Israel, E. H. Pullman, and Rev. J. H. Steele, and Miss Nellie L. Hawke, Ruth L. Crandall, Esther R. Woodward, E. M. Warton, and Mrs. Charles W. Keyes.

The devotional exercises were in charge of Dr. J. H. Wesler and J. H. Allen. H. A. Ison, the fourth vice president, reported great activity among the chapters in the city along the social lines. Miss E. M. Warton, the chairman of the missionary committee, submitted an encouraging report of the work of her committee. The chairman of the transportation committee, J. Finney Engle, reported that a rate of one fare for the round-trip to Detroit, Mich., on the occasion of the first International Epworth League convention to be held in July next had been secured. He stated that this would only cost \$14.25.

The District president at this point made a stirring appeal to the members of the board to do better work than ever before in league affairs. He outlined a plan of work for the spring and summer, which, if entered into by the league, will result in increased power and interest for the Epworth League. To this end he recommended to the board that if the date can be secured during the camp meeting at Washington Grove this summer, the Epworth League hold a

meeting at that place. He thought that it should be along the lines of an "echo" meeting of the Detroit convention. He stated that the league undoubtedly could secure the first day of the camp meeting for this gathering which would fall on August 4. A motion to this effect was made by J. Finney Engle, and prevailed. A further motion prevailed that the arrangements for the same be left to the transportation committee.

Upon the suggestion of the District president it was decided by the board that the president appoint a committee to discuss the advisability of holding mass meetings during the summer months with the chapters at Brightwood, Anacostia, and other leagues in the suburbs. He has not appointed this committee as yet.

It is the intention of the league officials to celebrate anniversary day in a way befitting the occasion. This will occur in all probability about May 15. A committee composed of M. R. Speelman, Dr. J. H. Wesler, Miss E. R. Woodward, and J. H. Allen, was appointed at the board meeting, the duty of which is to arrange for the gathering. They have been instructed by the board to invite the Epworth League chapters of the Methodist Episcopal Church South to join in the exercises of observing the day.

In all probability the pastors of the churches of the city of the Methodist faith will be banqueted by the board of control of the District League if present plans are carried out. Credit for this affair is due F. T. Israel, the District president, who first thought of the plan and later brought it to the attention of his cabinet and the board of control. Some discussion of the subject was had at the board meeting on Wednesday night. The purpose of the banquet is to bring the pastors of the churches in closer touch with the Epworth League, not that they are antagonistic to the league, but to strengthen relations between the two and cause the pastors to feel that the league is dependent upon them for their assistance.

To the banquet will be invited the pastors of the church and the members of the board of control. It is proposed to have the banquet some time in May. A committee, composed of C. M. Forrest, Mrs. M. M. Mitchell, and E. S. LaFeira, was appointed to look into the matter and report at the next meeting of the board of control in April.

To further the interests of Epworth League Day at the Baltimore conference on March 21 next, a committee is to be appointed within a day or two by the district president.

Dr. C. W. Gallagher, superintendent of the Lucy Webb Hayes Training School, and of Rust Hall, presented the matter of naming the gymnasium in the latter hall, such privilege to cost \$1,000, before the board. He suggested that the remaining \$800 (\$200 having been subscribed already), which will be necessary to the naming of the hall, be raised by the leagues of the entire Baltimore conference, about 224 in all. He asked that the league officials present this matter to the Baltimore conference on Epworth League night. A motion to this effect was adopted, and a further motion that the Sibley Hospital and Rust Hall committee of the league correspond with the president of the conference to secure a hearing and action before the conference, if possible, was carried.

The board then adjourned until April.

PROF. BLISS LECTURES ON WIRELESS TELEGRAPHY

Interesting Scientific Explanation at Y. M. C. A. Hall.

An audience of between four and five hundred people listened to a lecture on wireless telegraphy, given by Prof. Louis D. Bliss, president of the Bliss Electrical School, in the gymnasium hall of the Young Men's Christian Association last night.

The lecture explained how words are transmitted, not by means of sound waves, but are propagated through the ether. He gave two experiments with specially prepared apparatus, showing "visual indication of ether waves in partial vacuum."

He explained that when this ether is set in vibration by expending energy upon it, and thus beating it into motion, it is capable of taking up and transmitting this energy with almost incredible rapidity—about 186,000 miles a second—and is radiated in every direction from the source, as light is from a candle.

He explained the mechanism of the induction coil or static machine, and of the pulsations produced by the machine. The purposes of the "coherer" were then demonstrated. It consists of a small glass tube, containing two metallic plugs, usually of silver, which are separated from each other about 1-50 of an inch, this space filled with nickel or iron filings fine as powder, which connect the gap in the circuit. Marconi conceived the idea of putting a common telegraph relay, virtually an electromagnet, and a battery of one or two cells as a bridge around the coherer.

Originally it was supposed that a clear line of vision was necessary between the two points in communication, and moreover an air line. But in the transmission of signals from St. John, Newfoundland, to Poldhu, Cornwall, England, a distance of 2,100 miles, a straight line would lead the waves 142 miles below the surface of the ocean. There is good reason to believe that the ether waves do not pass through the earth, but over the earth in immense steps or bounds, of some 2,650 feet in height. They are also transmitted more easily over bodies of salt water than fresh water.

Prof. Bliss gave some eight or ten demonstrations to the audience with specially prepared apparatus; operating a telegraph relay and an electric bell; lighting signal lamps; passing signals through air and brick walls without wires; controlling powerful electromagnets; illustrations of the release of the ball on the State, War and Navy building at 12 o'clock, and the firing of a submarine mine.

CUT FROM BARBER'S RAZOR CAUSES MILLIONAIRE'S DEATH

DENVER, Col., March 7.—James Stettauer, a multi-millionaire, of Chicago, is dead here from blood poisoning, the result of a cut while shaving a week ago. The barber, while shaving the back of his neck, by accident cut a small pimple, inflammation and some pain followed, but Stettauer paid no attention to it. Two days later symptoms of blood poisoning developed, he became dangerously ill and was removed to a hospital, where he died.

He was a prominent clubman and financier of Chicago, his wealth being rated at \$1,000,000. He was heavily interested in Colorado mines, and was here looking after them.

CHRISTIAN ENDEAVOR NOTES.

The Christian Endeavor Society of the Vermont Avenue Christian Church gave a delightful social in the Sunday school room of the church last Tuesday evening. The place was thronged with the young people of the church and their friends. Robert B. Maxwell played some selections on the cornet; W. F. McDaniel gave recitations, and Mr. Griffin, assisted by Miss Scott as accompanist, won applause by his whistling and imitations. The program was closed by A. Sidney Jones, of Mount Vernon Place M. E. Church, who spoke of the importance of young people "remembering their Creator in the days of their youth." Refreshments were then served by the young ladies of the social committee. The Christian Endeavor Society, red and white, and the C. E. monogram were used in the decorations. The arrangements were in charge of R. A. Balderson, president of the society, and Vivian Bridge, chairman of the social committee.

The Christian Endeavor Society of the First Presbyterian Church held its regular business meeting and social this week at which reports of all committees were given and the following officers elected: President, William McCabbin; vice president, W. N. Miller; corresponding secretary, Agnes Fulton Lakin; recording secretary, Eva M. Ross; treasurer, Mary A. Duguid. At the social a "conventional contest" constituted the principal entertainment and was thoroughly enjoyed by all.

The Y. P. S. C. E. of Ninth Street Christian Church will hold a progressive game social under the direction of the social committee on Tuesday evening, March 10. All Christian Endeavorers are invited.

The executive committee of young people's societies co-operating in religious work among the soldiers at Fort Myer held its monthly meeting in the parlors of the Young Men's Christian Association on Tuesday afternoon. A schedule of meetings was arranged for several months ahead, and plans were discussed for an entertainment to be given at the fort come time in April. The organizations engaged in this work are the Christian Endeavor Societies of First Congregational, Calvary Baptist, Vermont Avenue Christian, and New York Avenue, Covenant, Central, and Guntown Temple Presbyterian Churches.

and the Epworth League of Mount Vernon Place M. E. Church. Col. G. W. Baird is chairman of the executive committee, and Major J. L. H. Winfield, secretary.

The Christian Endeavor Society of the First Congregational Church held its regular monthly business meeting last night followed by a reception given in honor of the Christian Endeavor Society of the Mount Pleasant and Fifth Congregational Churches. After an informal social hour the president of the First Church society welcomed the guests. Then followed an interesting program consisting of a harp solo by Miss Dowden; selection by the mandolin club; vocal solo, Mrs. Melville Lindsay; reading, Mrs. Milton Worthley; whistling solo, Kate Fletcher; reading, Mrs. Milton Worthley; harp solo, Miss Bowden. Refreshments were served. The reception was in charge of the social committees, Bertha F. Steward, chairman.

The Endeavorers of the Calvary Baptist Church have started on a vigorous campaign for the 10 per cent increase in membership by interesting the adult department of the Sunday school. Friday evening, a week ago, the teachers of that department were invited to participate in a social evening, and conference with a committee from the society, thus interesting the teachers in Christian Endeavor, and through them the classes. After a time spent socially, a supper was served, followed by six talks on the value of Christian Endeavor. The different phases were presented as follows: Gertrude Millard, president of the senior society, on "Our Society"; Harriet M. Swartout on "Our Society"; Mr. Vaughn, who has a number of Endeavorers in his class, on "Christian Endeavor in the Class"; H. B. Kempton, a teacher in the junior department, a department in which many of the teachers are Endeavorers, on "Christian Endeavor in the Junior Department"; O. P. Keller on "Christian Endeavor in the Sunday School"; Dr. S. H. Greene was the last speaker of the evening, and discussed the "Value of the Endeavor Movement."

Already a number of persons have announced their intention of going to attend the International Christian convention. Arrangements for the trip are in charge of Percy S. Foster, of Sanders & Stayman's, 1227 F Street.

FORMER BANK CASHIER DEAD BY HIS OWN HAND

LOWELL, Mass., March 7.—After lingering on in an unconscious condition since Thursday afternoon, when he sent a bullet through his head while crazed from pain, Fred Elm, former cashier of the Appleton National Bank, died this morning at his residence in Parkview Avenue. He leaves a widow and one child.

FREE TO ALL HOUSEKEEPERS.

THE "1900" BALLBEARING FAMILY WASHER.

A Wonderfully Simple Invention That Cuts in Half Time, Labor, and Expense of Washing Clothes.

No More Rubbing or Stopping—Monday's Drudgery No Longer to Be Dreaded.

Every Household in the Land Can Have One Free.

In order to prove to the most skeptical that the "1900" Ball Bearing Family Washer is unexcelled for family use, we are giving absolutely free without deposit or advance payment of any kind, freight paid, on THURSDAY, if you like it you can pay for it either in cash or on the installment plan at the end of the trial. If you don't like it, all you have to do is to ship it back to our factory. You run no risk, no expense, no obligations whatever.

The "1900" Ball Bearing Washer is unquestionably the greatest labor saving machine ever invented for family use. Entirely new principle. It is simplicity itself. There are no wheels, paddles, rollers, cranks, or complicated machinery. It revolves on bicycle ball bearings, making it by far the easiest running washer on the market. No strength required; a child can operate it. No more rubbing, boiling of clothes. Hot water and soap all that is needed. It will wash large quantities of clothes two matter how soiled perfectly clean in six minutes. Impossible to injure the most delicate fabrics. Saving in wear and tear of clothes, to say nothing of the saving in soap and materials, pays for machine in a short time. Don't be prejudiced. This is entirely different from and far superior to any other washing machine ever made.

The "1900" Washer is not a cheaply made machine. It is constructed of the very best materials. It is handsome, compact, and strong and will last a lifetime. We receive constantly thousands of flattering letters from people who have used the "1900" washer. They are all unsolicited and most naturally sincere. We shall be pleased to send to anyone writing for it our book of testimonials, which are guaranteed to be genuine and exact copies of originals on file at our office. Among the recent letters we received were: "I have used your washer for a week and am tired of washing clothes. I am a housewife, who has been at the thrifty for forty years."

SPARRILL, Rockland, N. Y., Oct. 22, 1901. "I have given your washer a fair trial and found it all right as a washer. It is one of the best washers I ever saw. It washed three pairs of my dirty and greasy overalls and overalls in ten minutes, and washed my shirt in seven minutes. It will wash three washes without changing the water, only adding soap and about two quarts of hot water after the first wash and have run an engine for forty years."

Included you will find check in full payment of the washer. Please acknowledge receipt of the same and oblige, respectfully,
EDWARD KENT.
P. S.—I have been a delegate and attended twenty-four conventions held in different parts of the country and my name is known on nearly every railroad in the United States and Canada. I am an engineer of the New York Division of the Erie road and have run an engine for forty years.

The washer I received from you is the best I ever saw. It will do all you claim for it. I can do the washing in three or four hours, where it took a colored woman a whole day to do it. We have ten boys and three girls, and you can judge from that that we have large work to do. I will send you a letter with this machine for twice what it cost.

MRS. LEVI H. HARRISON.
San Francisco, Cal., Dec. 25, 1901.
1900 Washer Co.
Gentlemen, I received the washing machine in good order on the 15th inst. My wife had saved \$2.00 for a new machine. I received it on the 16th inst. and it is all right. I have washed all the clothes on the line. It would have taken two days to do all this work the old way. The washing was done clean. Greasy overalls, which I use in the engine room, could not have been done better in a steam laundry. She would not have sent the washer if she could not get another like it, if she was offered \$100.

Yours truly,
CHAS. BLENN, Marine Engineer,
1008 Channing Way, West Berkeley, Cal.
It costs nothing to try the "1900" Washer. It is sent to anyone absolutely FREE on trial. We pay freight both ways. No money required in advance. Send for book and particulars to the Free and Easy Washer Co., 1900 Washington St., San Francisco, Cal.

Proprietor and Manufacturer of PURE HERB MEDICINES

FREE FROM ALL POISONOUS MIXTURES. CURES ALL DISEASES OR NO CHARGE. 607 Pa. Ave. S. E. Washington, D. C.

TESTIMONIALS.
Catonville, Md., Feb. 26, 1903.
Mr. L. J. Hayden, Washington, D. C.
Dear Sir: I have been a great sufferer with my back for nine years, and have tried several doctors and every treatment that was recommended to me. Having heard so much praise about your wonderful Liniment, I procured a bottle, and after using it a few days, I feel much better. I am sure it is the best on earth. Yours respectfully,
BERNARD A. SCHENE.

Catonville, Md., March 1, 1903.
Mr. L. J. Hayden, Washington, D. C.
Dear Sir: After suffering with piles for a long time, and trying many different remedies without any benefit, and hearing of your Herb Medicine, I thought I would try it, and after using one bottle I can truthfully say I am cured. I can praise highly your herb medicine, which has cured me of rheumatism, and humbly recommend it to all who suffer from these diseases. Yours respectfully,
MRS. ZELTMAN.

POOR LAWYER MADE RICH BY FEE FOR YEAR'S WORK

LOUISVILLE, Ky., March 7.—Capt. C. Calhoun, of Lexington, Ky., arrived in Frankfort, the State capital, yesterday, with a certified check in his pocket for \$1,323,559.35, the amount allowed by Congress to Kentucky for equipping Union soldiers during the civil war.

Captain Calhoun had worked on the claim for a year, and his fee will be 10 per cent of the amount of the claim, or \$132,355.93. Captain Calhoun is young, and was poor, but the fee, which will be paid to him today, will make him independent.

COMMISSIONERS' NOTICES.

OFFICE OF THE COMMISSIONERS OF THE DISTRICT OF COLUMBIA, Washington, February 21, 1903.—Notice is hereby given that the Commissioners of the District of Columbia intend to make the following improvements, which are, in their judgment, necessary for the public health, safety, and comfort. Assessment for one-half of the cost of the same will be made in public sale No. 171, approved August 7, 1901. Parties who are interested in the proposed work are notified that the Commissioners will give a hearing at the District Building on WEDNESDAY, MARCH 11, 1903, at 11 o'clock A. M., in the board room of the said Commissioners, to any and all persons who may desire to object thereto. Constructed separately except as follows: District of Columbia, between Eleventh and Thirtieth Streets, abutting all lots of blocks 20 and 21 in the subdivision of the said Commissioners, which abut upon Dartmouth Street, between Eleventh and Thirtieth Streets; estimated cost, \$2,000.00. On the west side of Thirtieth Street, between Eleventh and Thirtieth Streets, abutting lots 23, 24, 25, and 26, of block 2, and lots 27, 28, 29, and 30, of block 2, all in the subdivision of the said Commissioners; estimated cost, \$400.00. HENRY B. F. MACFARLAND, HENRY L. WEST, JOHN RIDDLE, Commissioners of the District of Columbia. 1-22-03-mb.7

HENRY B. F. MACFARLAND, HENRY L. WEST, JOHN RIDDLE, Commissioners of the District of Columbia. 1-22-03-mb.7

OFFICE OF THE COMMISSIONERS OF THE DISTRICT OF COLUMBIA, Washington, February 21, 1903.—Notice is hereby given that the Commissioners of the District of Columbia intend to make the following improvements, which are, in their judgment, necessary for the public health, safety, and comfort. Assessment for one-half of the cost of the same will be made in public sale No. 171, approved August 7, 1901. Parties who are interested in the proposed work are notified that the Commissioners will give a hearing at the District Building on WEDNESDAY, MARCH 11, 1903, at 11 o'clock A. M., in the board room of the said Commissioners, to any and all persons who may desire to object thereto. Constructed separately except as follows: District of Columbia, between Eleventh and Thirtieth Streets, abutting all lots of blocks 20 and 21 in the subdivision of the said Commissioners, which abut upon Dartmouth Street, between Eleventh and Thirtieth Streets; estimated cost, \$2,000.00. On the west side of Thirtieth Street, between Eleventh and Thirtieth Streets, abutting lots 23, 24, 25, and 26, of block 2, and lots 27, 28, 29, and 30, of block 2, all in the subdivision of the said Commissioners; estimated cost, \$400.00. HENRY B. F. MACFARLAND, HENRY L. WEST, JOHN RIDDLE, Commissioners of the District of Columbia. 1-22-03-mb.7
